The screenshot shows a web browser window displaying a dashboard for 'Cursos Online UNIFEI'. The URL is <https://cursosonline.unifei.edu.br/my/index.php?lang=en#>. The page title is 'Dashboard' and the main content area is titled 'Dashboard'. Below the title, there is a 'Timeline' section with a 'Next 7 days' dropdown, a 'Sort by dates' dropdown, and a search box labeled 'Search by activity type or name'. A message below the search box states 'No activities require action'. Below the timeline is a 'Course overview' section with an 'All' dropdown, a search box, a 'Sort by course name' dropdown, and a 'Card' dropdown. On the right side of the dashboard, there is a 'Language selector' dropdown menu. The menu is currently set to 'English (en)', but the option 'Português - Brasil (pt-br)' is visible and highlighted. The browser's address bar shows the URL with the language parameter changed to 'pt-br'. The Windows taskbar at the bottom shows the search bar with the text 'Pesquisar', several application icons, and system tray information including '19°C Limpo' and the date '23/05/2024'.
